

## ES SERIES FULL PEDESTAL DESK SPEC SHEET

**Top is constructed of 1 ¼" thick, 45#-48# density M3 Commercial Grade wood core bonded with high-pressure laminate and equal strength backing sheets.** Top is available in 3mm PVC edging (standard). Optional T-Edge, self-edge and waterfall edges are available (charges may apply).

Pedestals are 30" deep, 15" wide, and 27-13/16" high with (4) 1" adjustable floor glides. Pedestal drawer options come in either box/box/file or file/file. **Pedestal jacket bodies are constructed of one-piece multi-formed 22 gauge cold rolled steel with a 20-gauge bottom welded to the jacket forming a rigid case.** Four **multi-formed 20-gauge uprights are welded to the jacket and bottom stiffener** and have provisions for attaching **three segment, full progressive ball bearing race suspensions for the file and box drawers.** Lock bar is fabricated of **18-gauge steel.** Box and file drawers offer **22 gauge multi-formed bodies with 22 gauge drawer fronts.** Box drawer bottoms are slotted to receive an optional steel divider plate. File drawers are high sided for front to back hanging folders and slotted for optional steel compressors (follower blocks).

Modesty panel is 22-gauge multi-formed cold rolled steel.

**Optional Center drawers:** Three optional 20 gauge steel center drawers 24"W x 22 3/8"D x 2" H with 5 front compartments; 18 1/2"W x 22 2/8"D x 2"H with 3 front compartments; 15" W x 12" D with ball bearing race suspension- with or without lock.

**Optional** pull-out reference shelf.

**Finish:** All Invincible<sup>™</sup> steel products are processed through a 5-stage industrial washer to remove oil and organics from the surface while applying an iron phosphate conversion coating to promote adhesion and corrosion resistance as a pre-paint treatment. In addition, parts are rinsed with a non-chrome sealer to aid in paint adhesion and to further protect the metal. **The surface is then painted with environmentally-friendly and highly durable hybrid powder coat paint applied electrostatically and cured at high temperature.** Invincible<sup>™</sup> products are available in a full assortment of standard Invincible<sup>™</sup> colors, both smooth and textured finishes, as well as special order colors.
